

PROGRAMS AND PROJECTS
2020

Office: **DEPARTMENT OF LABOR AND EMPLOYMENT – X**

Programs and Projects	Objective	Description
The Special Program for Employment of Students (SPES)	Is an employment bridging program during Summer or Christmas vacation that aims to augment the family's income of poor but deserving students, OSY or dependents of displaced or would-be displaced workers who intend to finish their education.	The program provides the youth with valuable experience for better school-to-work transition. Youth are employed for a minimum of 20 to a maximum of 52 working days where participating employers pay 60 percent of their salary while the DOLE pays the 40 percent share based on the applicable minimum wage in the area.
The Government Internship Program (GIP)	Aims to provide opportunities and engage young workers to serve general public in government agencies/entities projects and programs at the national and local level. It also attracts the best and brightest who want to pursue a career in government service, particularly in the fields and disciplines related to labor and employment.	The program provides the youth particularly the poor and indigent an opportunity to demonstrate their talents and skills in the field of public service. It also broadens the intern's understanding of relevant labor and employment issues by involving them directly in policy and program development and build their skills on public service delivery such as program advocacy, delivery of front line services, research, monitoring, and evaluation of programs. The internship period runs for a minimum of 3 months to a maximum of 6 months.
The DOLE Integrated Livelihood and Emergency Employment Program (DILEEP)	Seeks to contribute to poverty alleviation and reduce the vulnerability to risks of the working poor, vulnerable, and marginalized workers either through emergency employment, and promotion of entrepreneurship and community enterprises.	DILEEP has two components: (a) DOLE Integrated Livelihood Program or the Kabuhayan Program (DILP) Provides grant assistance for capacity-building on livelihood and entrepreneurial ventures for vulnerable and marginalized workers, either for individual or group undertakings. (b) Tulong Panghanapbuhay para sa Ating Disadvantaged/Displaced Workers Program (TUPAD) A community-based (municipality/barangay) package of assistance that provides emergency employment for displaced workers, the underemployed and the unemployed poor for a minimum of 10 days but not to exceed 30 days, depending on the nature of work.
